special event that will change your life.

This event is sponsored by LaVita Compounding Pharmacy, San Diego's only women-owned compounding pharmacy. We have assembled a team of experts in the field of healthy aging to answer your tough questions about what happens to women as they move through life's many milestones. Hear from experts as they help to clear up the confusion around hormone therapy.

Chris Givant, RPh and Dr. Kristine Reese ([www.lotusrainclinic.com](http://www.lotusrainclinic.com)) specialize in women's health issues and are nationally recognized experts in the fields of balancing hormones and healthy aging.
